## PROFESSIONAL SUMMARY

Results-driven **Senior Software Engineer** with over 6 years of experience spanning full-stack development and cloud infrastructure. Expertise in building scalable applications using **Django, Node.js, and React Native**, combined with a deep background in **Wintel Administration and DevOps**. Proven ability to bridge the gap between software engineering and robust system architecture to deliver high-performance enterprise solutions.

---

## TECHNICAL SKILLS

- **Languages:** Python, Java, JavaScript (ES6+), Kotlin, C, PHP, HTML5, CSS3
- **Frameworks & Libraries:** Django, Node.js, React Native, Flutter, NumPy, Pandas, SciPy
- **DevOps & Cloud:** AWS, Azure, GCP, Docker, Terraform, CI/CD, Nagios, SolarWinds, JetPatch
- **Databases:** PostgreSQL, MongoDB, MS SQL, Firebase
- **Infrastructure:** VMware (ESXi, vCenter), Windows Server (AD, DNS, DHCP, Hyper-V), iDRAC, ILO

---

## PROFESSIONAL EXPERIENCE

Wipro | Senior Software Engineer

April 2023 – Present

- **Architected and deployed** scalable enterprise solutions using **Django and Node.js**, improving application response times by optimizing backend logic and database queries.
- **Led the migration** of legacy services to a modern full-stack architecture, enhancing system maintainability and reducing technical debt.
- **Engineered automated CI/CD pipelines** that reduced manual deployment errors by 40% and accelerated the software delivery lifecycle.
- **Managed hybrid cloud infrastructure** (AWS/Azure/On-Prem), achieving 99.9% system uptime through proactive monitoring and automation.
- **Streamlined server orchestration** using Docker and Terraform, significantly reducing the time required for environment provisioning and patching.
- **Collaborated with cross-functional teams** to integrate hardware-level monitoring (iDRAC/ILO) into centralized dashboards, improving hardware incident response times.

**Progression Infonet | Wintel Admin***January 2023 – April 2023*

- Managed Windows and VMware environments, focusing on vCenter management, ESXi host configuration, and VM deployment.
- Implemented High Availability (HA) and Distributed Resource Scheduler (DRS) to ensure service continuity.
- Configured critical network services including DNS, DHCP, and SNMP for enterprise-level web hosting on IIS.

**IND Innovation | Wintel Admin***March 2022 – October 2022*

- Administered global Windows server environments and Active Directory, ensuring secure and efficient user access management.
- Performed hardware-level troubleshooting for HP, DELL, and CISCO UCS Servers.
- Managed storage and virtualization health through vCenter patching and ESXi host upgrades.

**IDC Technology | Technical Support L2***May 2019 – March 2022*

- Provided Tier-2 technical support for complex hardware and software issues, specializing in Citrix VDI and Mobile Device Management (MDM).
- Automated user identity management processes within Active Directory to streamline onboarding and offboarding.

**Lipi Data System Ltd | Technical Associate***July 2018 – February 2019*

- Installed and configured specialized hardware and printers, managing firmware updates and network IP configurations.

---

**EDUCATION**

**Bachelor of Technology (B.Tech) in Computer Science & Engineering RRSIMT Amethi, Uttar Pradesh | Graduated 2018**

---

**PERSONAL DETAILS**

- **Languages:** English, Hindi
- **Current Location:** Pune, India
- **Portfolio:** [Helostar.online](http://Helostar.online)
